

## CERTIFICATE OF CONFORMITY WITH IFRA STANDARDS

This Certificate assesses the conformity of the fragrance mixture with IFRA Standards and provides restrictions for use as necessary. It is based only on those materials subject to IFRA Standards for the toxicity endpoints described in each Standard.

This Certificate does therefore not replace a comprehensive safety assessment of the fragrance mixture.

### CERTIFICATE DELIVERED TO:

### SCOPE OF THE CERTIFICATE:

CP24004361 GOLD INTOX

### COMPULSORY INFORMATION:

We certify that the above mixture is in compliance with the Standards of the INTERNATIONAL FRAGRANCE ASSOCIATION (IFRA), up to and including the 51th Amendment to the IFRA Code of Practice (published June, 2023), provided it is used in the following categories at a maximum concentration level of:

| IFRA Categories [see Annex 1 below for details] | Product Type                                                                                                           | Maximum Level of use (%) |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|--------------------------|
| IFRA Category 1                                 | Products applied to the lips (1)                                                                                       | 3,8534                   |
| IFRA Category 2                                 | Products applied to the axillae                                                                                        | 7,9331                   |
| IFRA Category 3                                 | Products applied to the face/body using fingertips                                                                     | 3,8534                   |
| IFRA Category 4                                 | Products related to fine fragrance                                                                                     | 100,0000                 |
| IFRA Category 5A                                | Body products applied to the body using the hand (palms), primarily leave-on                                           | 28,4516                  |
| IFRA Category 5B                                | Face products applied to the face using hands (palms), primarely leave on                                              | 3,9832                   |
| IFRA Category 5C                                | Hand products applied to the hands using the hands (palms), primarily leave on                                         | 7,1429                   |
| IFRA Category 5D                                | Baby Creams, Baby oils and Baby talc                                                                                   | 1,3088                   |
| IFRA Category 6                                 | Products with oral and lip exposure (1)                                                                                | 0,0874                   |
| IFRA Category 7A                                | Rinse-off products applied to the hair with some hand contact                                                          | 6,2970                   |
| IFRA Category 7B                                | Leave-on products applied to the hair with some hand contact                                                           | 6,2970                   |
| IFRA Category 8                                 | Products with significant ano-genital exposure                                                                         | 1,3088                   |
| IFRA Category 9                                 | Products with body and hand exposure, primarily rinse off                                                              | 22,5564                  |
| IFRA Category 10A                               | Household care products with mostly hand contact (excluding aerosol/spray products)                                    | 11,7600                  |
| IFRA Category 10B                               | Household care products (household aerosol/spray products)                                                             | 39,8322                  |
| IFRA Category 11A                               | Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate without UV exposure | 1,3088                   |

|                   |                                                                                                                               |          |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------|----------|
| IFRA Category 11B | Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate with potential UV exposure | 1,3088   |
| IFRA Category 12  | Products not intended for direct skin contact, minimal or insignifiant transfert to skin                                      | 100,0000 |

For other kinds of application or use at higher concentration levels, a new evaluation can be needed; please contact BC Fragrance

## ADDITIONAL INFORMATION ABOUT INGREDIENTS

This certificate provides restrictions for use of the specified product based only on those materials restricted by IFRA Standards for the toxicity endpoint(s)described in each Standard. This certificate does not provide certification of a comprehensive safety assessment of all product constituents.

It is the ultimate responsibility of our customer to ensure the safety of the final product (containing this compound) by further testing if need be.
